

FENLA

FABRICACIONES EN LAMINA DE ACERO, S. DE R.L. DE C.V.

“WELCOME. AT FENLA WE PRIDE OURSELVES WITH THE QUALITY AND SAFETY OF OUR PRODUCTS. WE SPECIALIZE IN THE MANUFACTURING OF STEEL PROFILES WHILE PROVIDING EXCELLENT CUSTOMER SERVICE. “

ABOUT US:

“Founded in 2009, Fabricaciones en Lamina de Acero, S. de R.L. de C.V. is a company 100% dedicated to the manufacture of steel profiles. FENLA counts with a variety of products including lamina, slab, roofing sheets, lightweight profiles and accessories; thus, making us leaders in the transformation of lamina to steel profiles within the construction industry. We are also known for our rolling equipment of the latest technology, delivery distribution on both sides of the border, and most importantly, for our highly trained staff with over 20 years of experience in the steel industry. This has allowed FENLA to provide customers with quick answers and effective solutions to their needs. “

Uses:

- Drywall / interior and exterior walls, ceilings. Indispensable with consecutive panels. They serve as support poles located on mezzanine structures; screws are fixed through the poles.
- Walls / Ceilings - commercial and industrial use with good load capacity. Used to cover watershed in tin roofs. Ducts, racks and bracing tape placed in a cross.

MISSION

Our mission is to serve our domestic and international customers through the manufacture and sale of galvanized steel products for construction.

To offer the best quality of service and competitive market prices while contributing to profitable growth for the benefit of our shareholders and staff.

VISION

Our vision is to establish FENLA as a leader in the domestic and international industry of galvanized steel for the construction sector.

To achieve greatness through our highly trained staff while living up to the company values – sustainability, quality and, above all, integrity.

VALUES

Our main priority is meeting our customers' needs. We encourage continuous professional, and personal, growth in our staff based on discipline, integrity, honesty and respect. We are constantly modernizing our processes by seeking perfection and sustainability.

SUSTAINABILITY

The recycling of scrap steel, and the development of technologies to maximize the use of resources, are some of the actions that make up FENLA's efforts to save energy and natural resources. Environment management systems, occupational health and safety guidelines complement the company's initiatives to protect human health in our local environment.

PRODUCTS

LAMINA STEEL DECK

AVAILABLE IN LAMINA

GALVANIZED

Caliber: C.18-C.20-C.22-C.24

ZINTRO ALUM

Caliber: C.18-C.20-C.22-C.24

Uses: Metal mezzaine of great capacity and structural strength designed to anchor in the concrete and eliminate wood formwork.

STUD AND TRACK

AVAILABLE IN LAMINA

GALVANIZED

Caliber: C.28-C.26-C.24-C.22-C.20-C.18

ZINTRO ALUM

Caliber: C.28-C.26-C.24-C.22-C.20-C.18

Uses: Drywalls - interior and exterior. Facades and Ceilings.

STUD AND TRACK

DRYWALL ACCESSORIES:

PRIMARY CHANNEL Indispensable in consecutive panels. Transmits weight burdens.

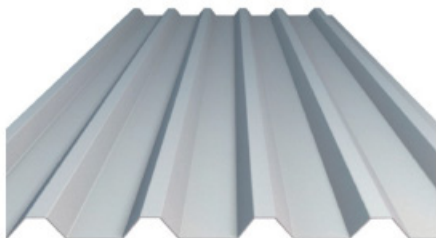

ANGLE WALL Serves as support poles located on mezzanine structures.

FURRING CHANNEL Used to fix screws on drywalls of the ceiling surface.

ROOF AND SIDING PANEL

AVAILABLE IN LAMINA

GALVANIZED

Laminas: • R.72 R.91,R.101
• KR18

Caliber: C.30-C.28-C.26-C.24-C.22-C.20

Uses: Roofs / Walls / Facades

ZINTRO ALUM

Laminas: • R.72 R.91,R.101
• KR18

Caliber: C.30-C.28-C.26-C.24-C.22-C.20

Uses: Commercial and industrial use due to its great loading capacity.

PAINTED

Laminas: • R.72 R.91,R.101
• KR18

Caliber: C.30-C.28-C.26-C.24-C.22-C.20

Uses: Commercial and industrial use due to its great loading capacity.

ROOF AND SIDING PANEL

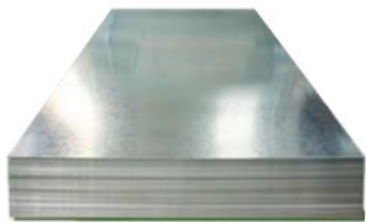

ACCESSORIES:

RIDGES Used to cover the joints of a building.

STEEL SHEETS

GALVANIZED

Caliber: C.30-C.28-C.26-C.24-C.22-C.20 C.18

ZINTRO ALUM

Caliber: C.30-C.28-C.26-C.24-C.22-C.20 C.18

PAINTED

Caliber: C.30-C.28-C.26-C.24-C.22-C.20 C.18

Uses: Used for roofs, walls, beams, supports, pipelines, racks, tape bracing (cross posted), among other uses.
